

## **Parents of Pre-K Students**

The State of New Jersey requires the following immunizations for preschool students:

### **Influenza Vaccine**

All children entering pre-school must receive the Influenza vaccine by December 31<sup>st</sup> of each school year. Students entering school December 31 through March 31 of the school year still must receive this vaccine.

### **Haemophilus influenza B (Hib) and Pneumococcal**

All children entering pre-school must have received 1 dose each of the **Hib** and the **Pneumococcal** vaccines after the first birthday

Please upload your child's immunization record to his or her magnus profile prior to the start of the new school year
