

Upper School Dining FAQ's

1. How does the meal plan work?

The meal plan is when all of the student's lunches are paid at the beginning of the year. We offer a full year or half year plan. It is a use it or lose it system and is discounted to take into consideration the days that students may miss school.

2. What is included on the meal plan?

On the meal plan a student may eat 1 entrée and 2 sides

Entrée = Hot Line Entrée or sandwich,

Side items = Choice from a variety of vegetables, fruit, soup, yogurt, salad

Students on the meal plan are also provided bagged lunches for field trips.

Students may purchase additional food during lunch time from the cafeteria or snack bar if they are still hungry.

Lunch menu can be found under the "Campus Center" menu at:

<https://princetondayschool.flikisdining.com/>

3. Is there another option besides the meal plan?

The student may purchase lunch on any day. We are a cashless operation. Students will use a declining balance account for purchases. A declining balance account can be set up by sending in a check to Flik with your student's name in the memo section, or depositing with a credit card through MyPaymentsPlus.com. If your student brings in cash, we will deposit it into their account. The declining balance account works like EZPass, each purchase will draw down from the declining balance account. Daily price is \$7.50. Full year meal plan is \$1,125.

There is a discounted meal plan for Seniors.

4. How do I pay for the meal plan?

You can have the meal plan charged to your student's PDS account in the business office, or you can pay Flik directly.

5. Am I reimbursed for meals missed on the meal plan?

No. It is a use it or lose it system and is discounted to take into consideration the days that students may miss school.

6. Snack Bar information.

Snack Bar is open from 7:30am – 4:00pm each day. We have breakfast available at 7:30am. The snack bar is not part of the meal plan and only works on a declining balance system. A declining balance account can be set up by sending in a check to Flik with your student's name in the memo section, or depositing with a credit card through MyPaymentsPlus.com. The account works like EZPass, each purchase will draw down from the declining balance account.

All checks can be made to Flik Independent School Dining
